

## Bait boxes

**Brand:**

**Product Code:** bb-00012

**Availability:** In Stock

**Price:** €5.00

### **Description**

Bait boxes, with entry and exit holes, will hold bait safely in place as so other animals can not retrieve it. These are ideal for farm inspection and cross compliance checks as having these around your meal and hay barns can reduce your chance of a penalty in the department inspection. Suitable for cross compliance and Bord Bia audit purposes. Avoid those penalties and order your bait box today for only €10.00.
